See what Baseball Coaches have to say about our system

"We have used 'Coaches Video' in our baseball program for many years. They have always been able to help us find the best solutions to filming what we need. The customer service is outstanding and they will continue to be our video suppliers for years to come."

- Coach Ben M Sartor State Champions 6A Flower Mound, TX

"I have used Coaches Video for our baseball programs for many years now. The ability to capture video from multiple angles allows us to focus on various aspects of game play during game review. And with the remote control we can segment videos by pitch, at bat or inning, making it easy to locate the videos we want to review post game. We couldn't be happier with the quality of system, as well as the customer service provided by the entire Coaches Video team!"

- Gregg Swenson WSBFA Hall of Famer Former D1 Baseball Coach Camas, WA
